

online services

Online Appointment Booking (Free)

Enjoy the convenience of booking your next appointment online at any time of the day or night.

Repeat Prescriptions (\$30.00)

Honeypot GP surgery telehealth enables you to request script renewals from your doctor online. This popular service can help you by saving the time and expense of going to see your doctor for a non-urgent, regular script renewal.

Test Result Follow Ups (\$ 40.00)

Request the outcome from your pathology tests online. Often pathology outcomes don't necessitate a return visit to your doctor and are suitable to be passed on to you via secure communication instead. Honeypot GP surgery online telehealth allows this to be done in a safe, secure and timely manner.

Referrals (\$40.00)

Simplify the referral process by using Honeypot GP surgery online telehealth to ask for a referral letter from your GP. For follow up appointments with a specialist you have already seen, or for a repeat referral letter to a specialist you see on a regular basis you can request the referral letter through

eConsults (\$35.00)

Use Honeypot GP telehealth to consult with your doctor on non-urgent medical matters while saving the time and costs involved with visiting the practice rooms. Using eConsult on Honeypot GP telehealth gives you the ability to think through your problem and how to describe it fully prior to starting communication with your doctor, ensuring they have the most information to fully assess your symptoms
